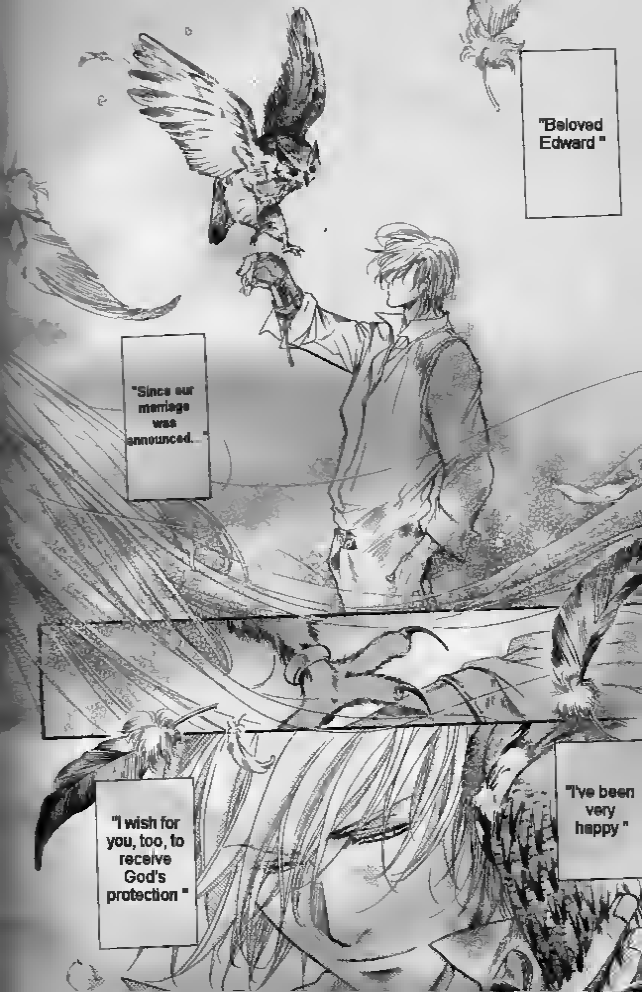
#31 PRINCESS



"Beloved Edward "
"Since our marriage was announced..."
"I've been very happy "
"I wish for you, too, to receive God's protection "

Britain
A town just outside Winchester

A flower shop, 'Kaneko no Sumu Ie'
KITTENS HOUSE

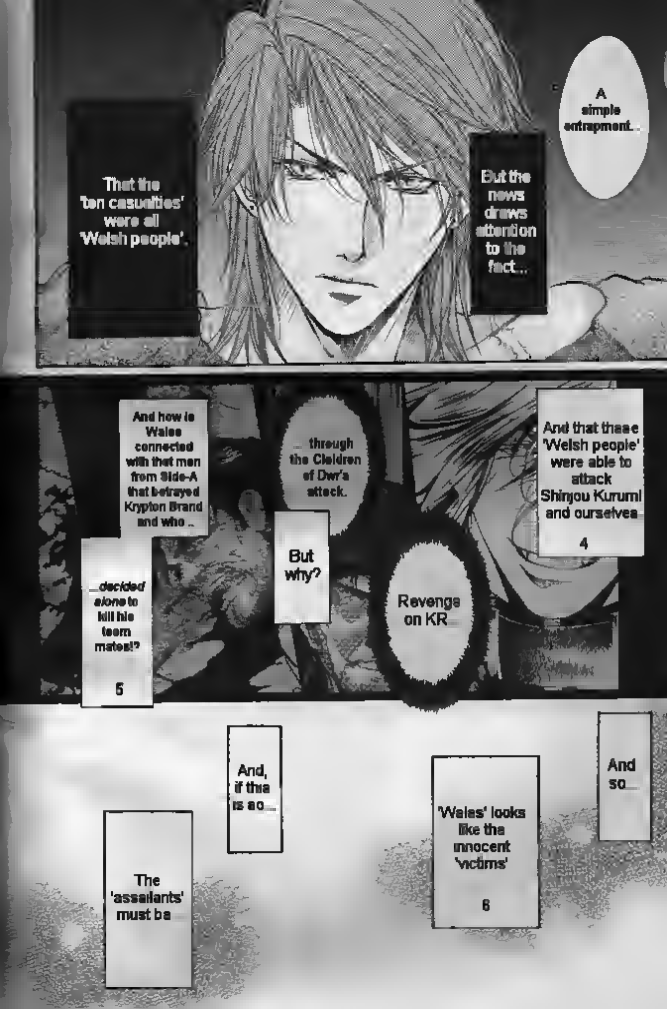
nightmare
Some days ago...
Of course, Krypton Brand's...
...names and faces are still secret.
A Japanese exchange student was attacked by a 'small group of British extremists'
The attempted abduction of Shinjou Kurumi and the not occurred at the same time
Information control was involved.
It was said that 'the disgusting not occurred by accident'
It didn't last long, but it still made it to the media

But, that man hardly seemed real
Eye witnesses were interviewed too
So people believe his appearance could be the 'tail and fins' of a lie
I don't think we can slide the door shut on more rumors
Humen interleukin III...!
are 'here' and so she is among those who are sympathetic
Anyway, those who know Kurumi
It is a beautiful follow-up
KR
She is protected from things like that even now
Japan isn't like this
'This should not defile previous good impressions of Great of Britain'



That the 'ten casualties' were all 'Welsh people'.
But the news draws attention to the fact...
A simple entrapment...
And how is Wales connected with that men from Side-A that betrayed Krypton Brand and who ..
...decided alone to kill his team mates!?
5
... through the Children of Dwr's attack.
But why?
Revenge on KR
And that these 'Welsh people' were able to attack Shingou Kururi and ourselves...
4
And, if this is so...
The 'assailants' must be...
'Wales' looks like the innocent 'victims'
6
And so...

Why are you by yourself frowning like this?
And goofing off so presumptuously
!
Chloé.
But I am about to join you.
!
What's he...
Yeah, I never introduced him properly.
My partner, Trobant.
?
Normally he is a correspondent in case we have no other means of communication.
If you ask nicely, maybe he could help you too with love's aventure.
8
Since we are not allowed to disclose ourselves to the public
Wonderful Britain is so quaint...
...Perhaps you have someone? Even just one person
Someone you are wishing to meet again
'Someone' to whom you want to say prayers for their happiness

...I...
...How about you?
...Maybe
Me?
...Entrusting a letter to him like that with such seriousness ...Why?
...Well.
Brother
HANG ON!!

You two are gibbering away in English in front of us as if it gives you special status, aren't you?
How about that?
Indeed none of us has any clue about the concept of U.K Pound...
How about that!
And the descriptions for the flowers are too complicated for us to explain to the customers...
How about that!!
You should
at least
act like you are doing something
you know!
Yeah!!
Hey --!!
.....

...mase?
shai.
...iras...
.....
No!!
I'm defenseless.
But girls are your specialty!
Ah!
That kid is Chloé's job--!
Eh, wait... what...?
Unfortunately, that's a little problematic...
What other flowers would you like?
She is crying, but it's not enough...
NO WAY!!
Um...
I have only this...
Please give me these roses...

I wanted to make a bouquet with it
A bouquet for the prettiest bride in the world
I wanted to surprise Chloe!
I wanted...
You have to give me those roses!
Because the smell is the best!!
It's not a "smell"... It's an aroma!
This kid...!
...Chloe...
...Does she mean Christine?

If that is the way it is, I don't have a choice
A bridal bouquet has no meaning without beauty
Yeah!!
Okay!
Don't worry about money. Choose whatever you like
I only want you to listen to her
If it is a bouquet, there is probably a few days until the ceremony
Hold on! Are you just going to force this on me and leave!?
Hmm...
Chloé!
This kid with the glasses will do it for you!!
Never mind.
ME!?
Plea~se!

Do you really think so?
He seems different then usual
What is with Chloé?
Yuki
Ye--
Yeah, yeah
I will be sure to pay you back later
Isn't that a Felix?
Yeah!!
Huh?
She's a princess!
She'a pretty and always smells good
She's so gentle
Chloe

Aya...
...Now you mention it, the nobility of today...
But...
She's a noble.
Of course she has a castle!
Princess!?
Yeah!
She doesn't live in her big castle.
She lives in an apartment.
Since she can't see...

?
It doesn't look like it is going to rain today either
I can smell the thirsty leaves.
All right! I'll do my best!!
Ack!!
Guh

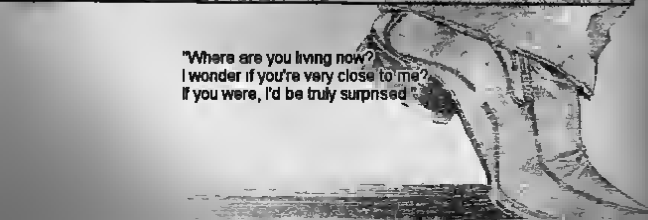
It's like this every morning
Actually these days 'Nobility' is not like what it was in the past and the privilege associated with it has almost vanished.
There's only a 'title' land and a castle that costs a lot to maintain for the cases that remain
The truth is that it's not unusual for 'nobility' to live in a 2DK apartment.
Yeah
That old guy, KR, works for a living
...part of a political family maybe...
Chloe is an aroma therapist.
And so...
...she knows the best smells.

"To my beloved Edward R Krotznik "

"I haven't seen you since we left school, but I've been praying to God every day for you "

"The first letter you sent was carried by a bird "

"It was a surprise, but it also made me happy."



"Where are you living now?
I wonder if you're very close to me?
If you were, I'd be truly surprised."

"For some reason, I have a feeling that there isn't much time."
"I'll write about only the most important things for now."
I have come a little nearer to you.
Yaah, a real surprise.
"But."
"I'm getting married."
"My partner didn't change when he found out about my eyes."
"He's a wonderful and gentle man."
"My beloved Edward."
"From now on, I'm praying for you."
"If I pray--"
"God will always protect you--"

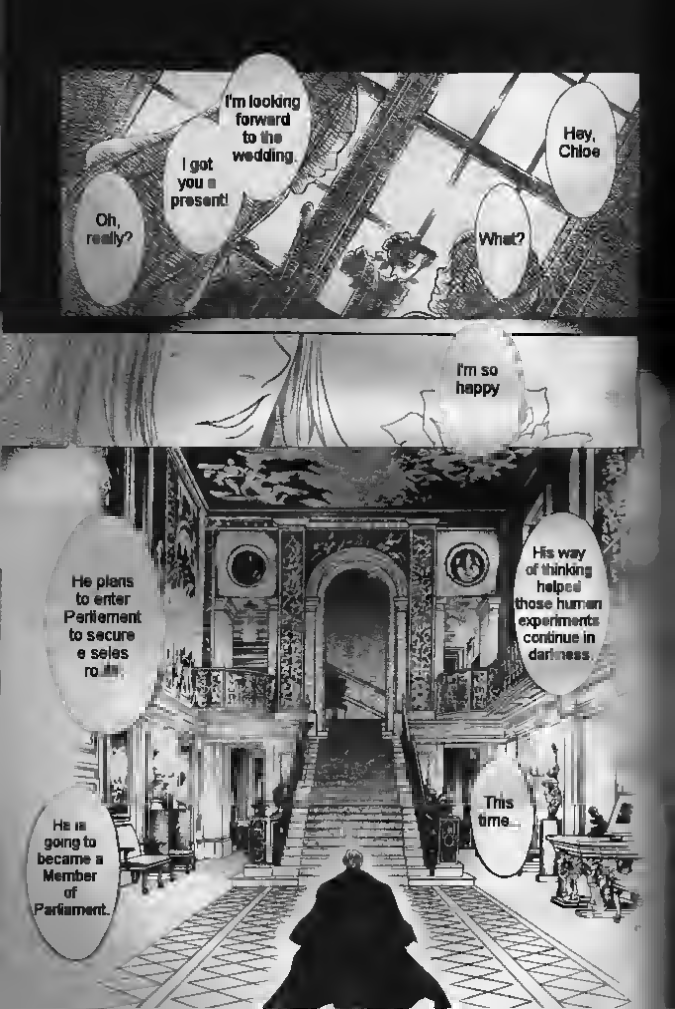
スピ
Um...
They are crying over the child's story!
Ah...
Princess Chloe always puts on a brave face despite her many problems!
Not like our Chloé, right!!
But...
And together we can all make an amazing wedding bouquet!
For her happiness!!
I see...
Even if
...my deepest feelings are that you have no sense for aromas.
Eh!?
Slump

ぴょい
.....
And small enough for the bride to hold!
Because it's a bridal bouquet, the color should be white!
ぴょい
She is an aroma therapist.
So mixing the scents like that is strictly forbidden!
ぴょい
Okay!
Amazing! It smells so good!
Huh?
Woah...
What Chloé said...
How did he know she was an aroma therapist?
On the actual day, I'll tie a ribbon around it!

Are all employees present?
.....
Did you see a sad film, perhaps?
Why the gloomy mood?
...Hm?
What's happening?
I need to tell all of you about this mission
In his room
Where is Chloé?
Well, please call him

—Chloe.

I'll give you the details now.
The target this time is...
...the sponsor of...
Grancester Wells, the company that researched and developed 'Human Interleukin III'



Hey, Chloe
What?
I'm looking forward to the wedding.
I got you a present!
Oh, really?
I'm so happy
His way of thinking helped those human experiments continue in darkness.
He plans to enter Parliament to secure e seles ro
This time...
He is going to became a Member of Parliament.

Well, well.
Seeing you at this time and in this place is most unusual.
Lord Richard.
Now, the target...
...is planning to gain the necessary status and vast capital for his own purposes.
According to the law, this will be fulfilled when he acquires a 'title' through his upcoming marriage.
Lord Richard, since you are here, in Parliament...
...Perhaps you are concerned about something?

Your connection to the recent massacre?
That's right. For example...
After the wedding, we will live together in an apartment.
We will sell the castle
Princess Chloe once you are mamed, will you liwi in e castle with your husband?
No, I'm no princess
I will be happy
But if I'm with Cednc
And I'm no princess
This is no castle
is Cednc Powell

The reception will take place at the castle that Christine owns.
The mission will be carried out on the night of the wedding ceremony.
The target's name is Cedric Powell
...Isn't it more reliable to sneak in then?
But, of course
If everyone walks in together through the front entrance, it would be far too conspicuous
It's fine, KR received an invitation
What if we are seen ...we aren't British!
Don't you want a gentlemen who can speak the Queen's English?
And leaving Aya by himself is risky, isn't it?
That guy's seriously winding us up!
Chloé?
Huh?
Yes, of course
Chloé can accompany you
Oh, that's right He is a noble too
That's the first I've heard of it.
He's a noble too? Where from?

Queen's English ... The main English dialect used in Britain. As slang, it refers to the English used by the upper class.

This reception is a little different from usual
It's being held outdoors
Therefore, Aya's group will wait in the surrounding forest
Soiree?
That's right, Christine. It's an evening party
In our beautiful garden
There will be many lights to celebrate our marriage
Cedric
But,
This
Chloe
...I give to you as a present.

I'm so happy.
Thank you Cednc...
You will be able to hear everyone, won't you?
Yes...
Of course...!
If there are torches, you will be able to feel their warmth too
And if it is outdoors, there will be no echo.
...I love you too
Cedric...
I have been waiting for this day for a long time too
I love you, Chloe.
Hm?
Oh, yes.
You are as sharp as always
Cednc?
Your scent is different?

I see...
Maybe
It's your favorite scent. White Rose.

She's changed?

Since you were esvesdropping in such an infamous style, you should pray here with us too!
Overhearing like that is despicable...
Aye, even you...
Look, there are marks for hands on the tree trunk!
Eh?
Custom-made in England
Heh, he~y...
Kyaa!?
And that's why!
Hey, you got those in a store for voyeurs!!
Here is the point, an old school one!
Oh!
!!
If you offend God in things like your speech or conduct, something might happen.
That's right.
Eh~!
When you pray to God for good fortune, you make marks like this.
It's a custom here in England.
Eh~.
It's just like 'Nanmandabu' and 'Tsurukame' in Japan.

Christine...
We met in a grammar school.*
The school was full of upper-class students
My home country was Romania and I came to England as an adopted child.
Usually... 'unskilled manual workers' were treated despicably.

*A good junior high.

Look! Look! That hair!
They said some pretty stupid things.
He can live as a young man for many more years by doing that.
How many years of lifeblood did you drink last night?
But I'm not Vlad either
11
That's just a story.
Snerk
Count Dracula!?
He disobeyed God
He's an animal of "Transylvania"
What are you doing!!?
You call yourself British and speak like that!? You should feel ashamed!!
The girl approaching us was Christine Glay
And so no one said anything to her.
She was a real aristocrat

If I'm not mistaken, you are Lady Gley
Why do you say that!? Don't call me 'Lady', call me 'Chloe'
Edward!
Wait, Edward!
If you do things like that
I will only become miserable
Lady, what you did
was unnecessary and loud
Even though she was born into nobility, she was aware of the people around her
She was a strange girl that delighted in the differences between us
But, it was because
I love your red hair it's like fire
But I was glad that she bravely acted on her intuition
I'm so sorry

EH!?
You help out!?
がば
I assist the gardener every day
And Edward, you always
have the scent of roses about you

That's because
I'm not busy

adored me.

When the sun sparkled through her blond hair,
the beauty of a true Briton was revealed to me.

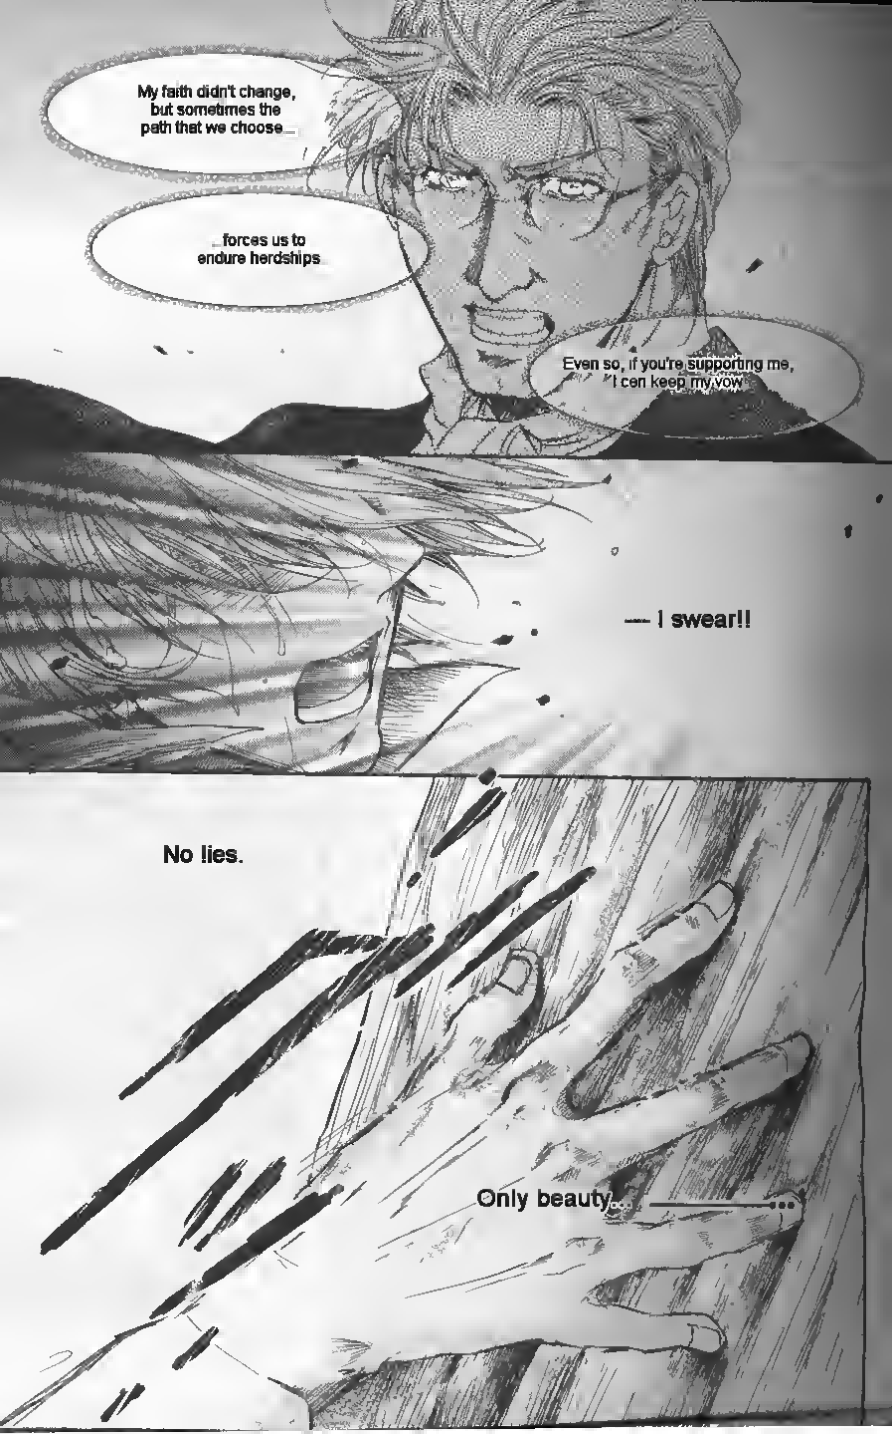
She spun words of beauty and, in my heart,
not even a trace of clouds remained. She brought me closer to God.

But it's not a very sentimental place!
swivel
We say that the only thing we have is...
...accomplishing missions as a member of 'Krypton Brand' under our beloved KR
Well...
There are some good things in this country
After that, my guardians died...
It is true to say I was politically ignored.
I couldn't understand it, but...
But it is true to say that here...
...that too many people will suffer because of the things you won't say
...But, you need to understand this here and remember the truth.
...KR...
Lord Krypton Richard knows the grief in your heart hinted at by your words.

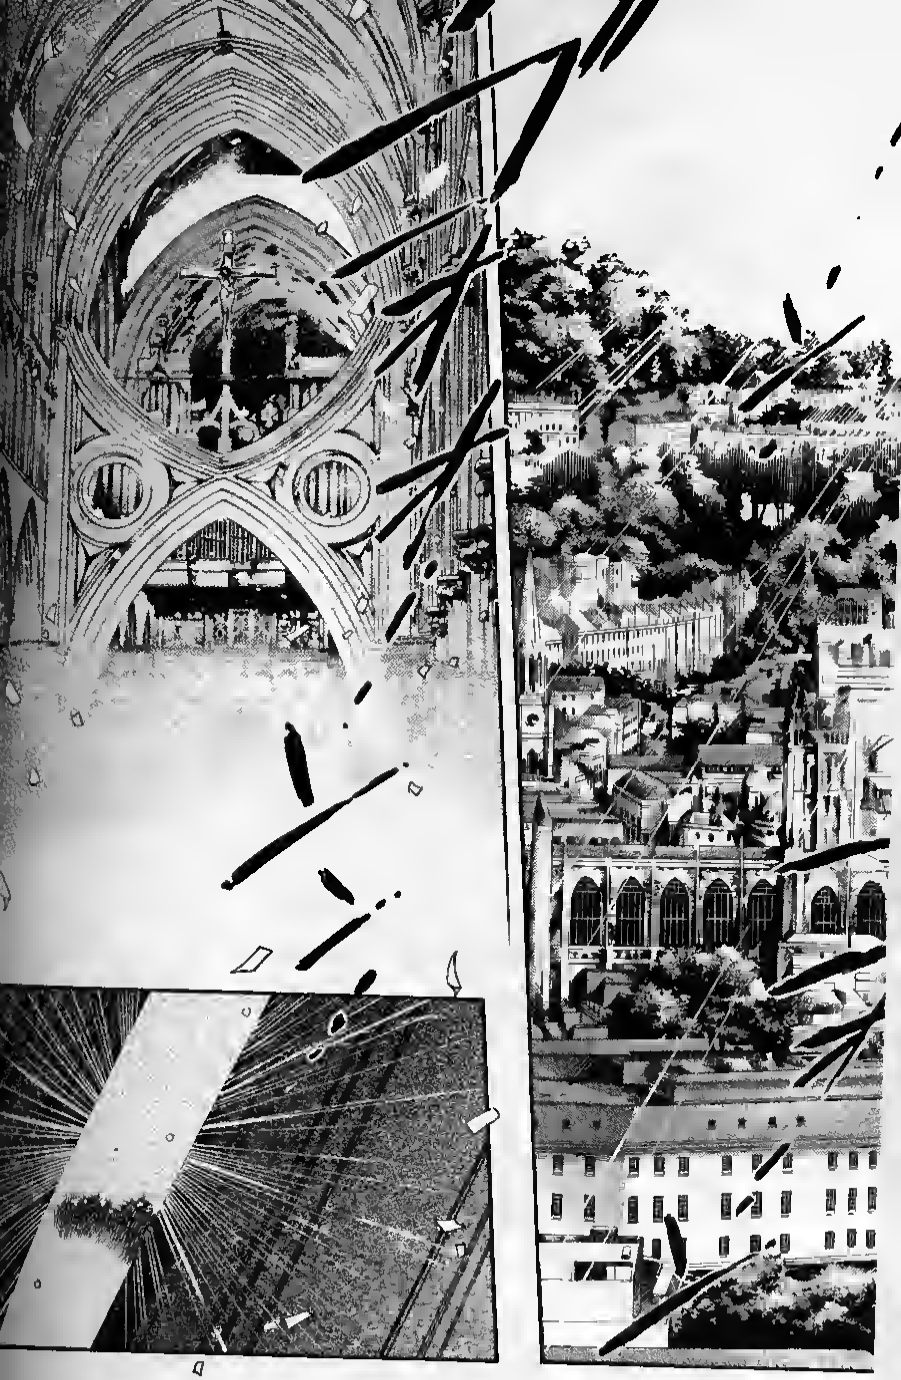
There is 'strength' in 'numbers'.
The problem is, this medicine must be being shipped from somewhere.
As for the three members of Side A that betrayed Krypton Brand...
First 'The Children of Dwi' said they would stir up the week.
If somewhere someone is planning to give ordinary people these abilities...
Above all else, 'Human interleukin' must not be allowed to spread...!
'The weak'
Defining that is too difficult.
So...

Chloé
Aya.
If the target's fiancée, Christine...
...doesn't know his intentions, they can finally be revealed to her.
Do you know what that means?
This is 'your' job.
...
Yeah.
Of course.

I worry about being looked down upon
Accomplishing missions is part of my study of aesthetics
God
Hey
'Amen'
Or so they say
That time, I made a vow
But twice I didn't run away due to my cowardice That's right
The sparkle of gold in this transperent world was beautiful
One dey I'll tell this story to someone



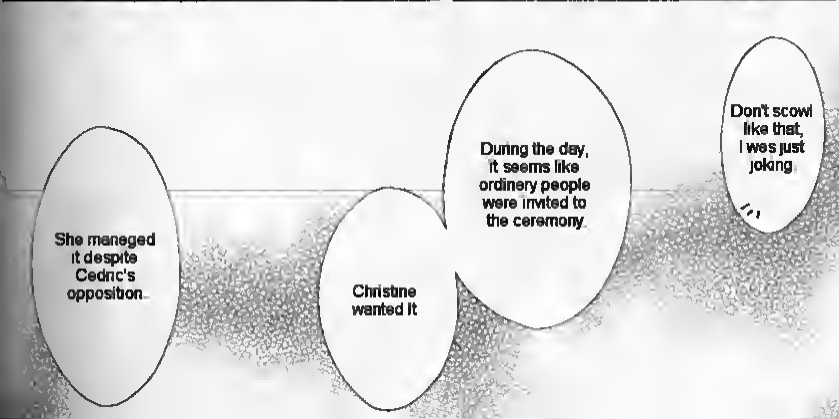
My faith didn't change, but sometimes the path that we choose...
...forces us to endure hardships.
Even so, if you're supporting me, I can keep my vow.
--- I swear!!
No lies.
Only beauty...



Now, in front of my eyes, crowds of people are hoping for your blessing
Because I'm taking part too, please throw it in my direction!
Well, Chloe.
Here's the bouquet.
You're beautiful, Chloe...
...Just as I thought, you're like a princess...

Oh! Is it really okay for me to keep this?
They say that 'travelers wishing you well will bring you happiness'
Don't they, Asuka?
I'm so happy!
Now it's like a real honeymoon, isn't it?
Don't you think?
Youji?
Totally

I wonder what heppened to the bouquet I gave to that kid?
KITTENS HOUSE
Nothing, since the bouquet toss is now over
What can you hear from the bug we hid on the bouquet?
Well, it's obvious The ceremony should be over about now
Yup
I wanted to see it too
Chike has the bouquet Chloé made!
It seemed like some Japanese tourists caught it, didn't it?
.....

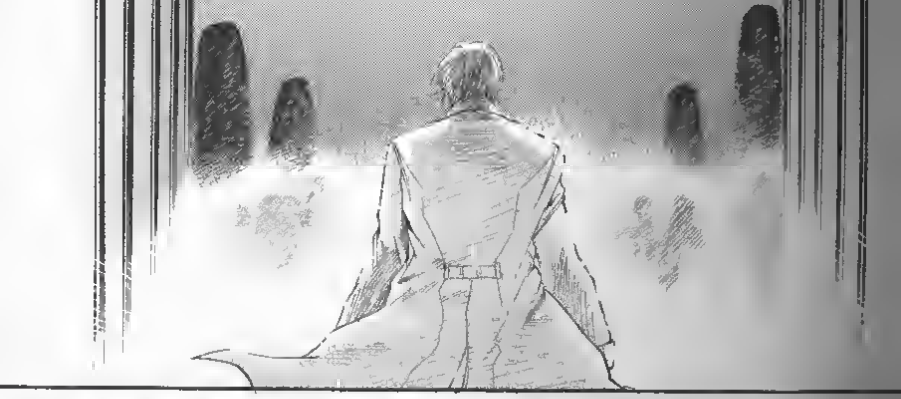


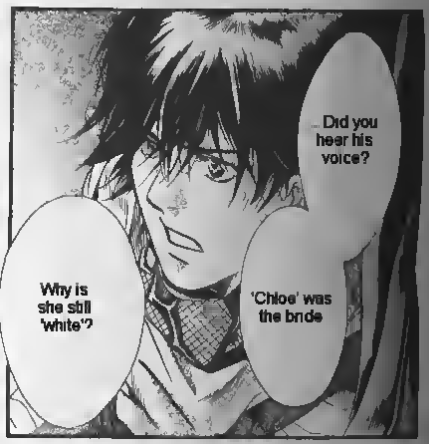
Don't scowl like that, I was just joking
During the day, it seems like ordinary people were invited to the ceremony
Christine wanted it
She maneged it despite Cedric's opposition

And so the main event is tonight.
Of course he opposed it. He wanted a link with 'aristocracy'.
Most of the attendants will be from the so-called House of Lords.
...hes an easy job
A member of the upper house of the British Parliament.
She, too, is a member for the time being.
Despite my uneasiness, give me the courage to pay for my sin...
Oh, God
Please forgive me
Somehow...!
And so the guests have been personally selected.
Although they all seem like Cedric's choice.

'Are you truly happy?'

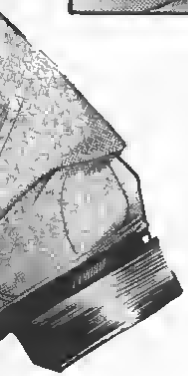
...Have you seen the class of guest?
They are from the 'Advocates' of 'Wales'.
Whether they are a poison or a remedy, they are a 'moderate group'.
And KR?
He's neutral.
A little while ago, he received a communication and will be a little late.
Chloé has taken his place and will infiltrate the party ahead of everyone else.
.....
It's time.
Let's go.



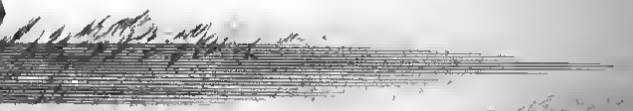


If she's in the role of the 'white',
then she can be used as a shield at the crucial moment.

She won't die



If she loses her life, her fortune is her own and
nothing will be left to her husband
That's the law in this country



But, if he does...
And so...
Then...
Our 'enemy' can't kill her...

!!
KR's ring...!?
Trabant!?
What does this mean!?
It's some kind of communication!
!
Ah, this is Lord Richard's...

#33 Behind the Scene of Gold

I really don't think highly of tradition...
Honestly.
With the time this is taking, it would've been better to use a car.
...
What a miserable man
ぱたぱた。
You too, Miss Trabant?
Nope!
Would you send this quickly to Chloé?
Considering how you fly, I think you could cover the distance easily
I'm already exhausted.
...I see
However...
Surely this isn't the first time.
...that man has entrusted a 'letter' to you...?

This is Baron Rohan, Christine
Well! Thank you!
Lady Christine
I wish to thank you deeply for this wedding night banquet
I truly regret that because of my eyes I cannot look upon your face.
In any case, there is no need to call me 'Lady'. Won't you call me 'Chloe' instead?

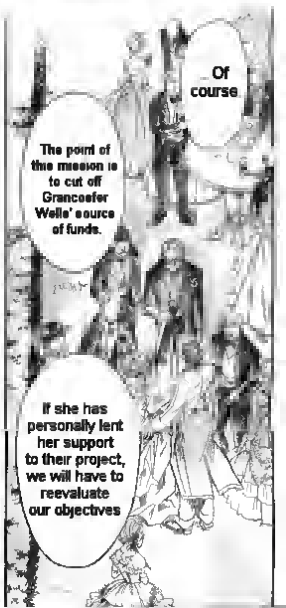
Did she...

...ever smile like that before?

Our target is the bridegroom
But if the bride is 'black' too, are we to kill her as well?
Hey, Aya
Ken?

Chloé's task is to make certain of her role in this

The second he makes his decision.
We will reveal ourselves.



Of course
The point of this mission is to cut off Grancoeur Weiss' source of funds.
If she has personally lent her support to their project, we will have to reevaluate our objectives

The men that attacked them
was her friend from a long time ago
But
She will probably notice if he calls out to us

Aya

Perhaps you have someone?
Even just one person
Someone who isn't able to pray for their own happiness

Me?

Understood
So there are concurrent missions taking place, Miss Mihiregi
Correct, KR.
Please confirm the presence of all invited guests at this soiree.
It doesn't seem like e list of MPs end political parties was released.
But I know that information

Well maybe

As I stated a little while ago...
The invited guests are mostly key Welsh figures and those connected with Parliament.
Because of this, it's natural to think the target is connected to Grancoster Wells.
...However...
I'm rather uneasy.
Only a very small number from the House of Lords have been invited.
I see.
Our Parliament...
...consists of the House of Commons and the House of Lords.
The House of Commons contains those elected from the civilian population, but...
The House of Lords was once made up entirely of land-owning nobles who assumed office by means of their background.

He will have the power to distribute the virus
And so, by his marriage to a countess, Christine -sama
At tonight's banquet, it is his chance to make a good impression on those from the House of Lords and those connected with it.
Our target will be rewarded with a seat in the House of Lords
Ahahah
And so we don't need nobility in the House of Lords?
I thought it was possible that the power to make political decisions could also be found in the House of Commons
Because there are certainly many morons like myself there.
No, that's not it
If that's so
I think it is all the more reason to use my influence

They aren't united
And now they have no shared dreams or ideals they wish to follow
Instead, they value the social status that came with their bloodline and their pride.
However, the truth is that the stubborn people who remain there are a problem.
The pride they have in their blood takee priority over human life
If there are many people who believe this
We won't be able to influence them
I'm rather nervous that I was especially invited
In any case, I must be going
Yes
Take care
Trabant
Well now

Your master, Chloé...
Or rather, Edward...
...cried many, many times over...
...for the sake of people who thought things like that...
Perhaps he is confused now
If he now uses that hand to snatch away lives, that is
The only thing that can save a person like that...
...is the girl who originally snatched the light away...
But now, she is lending her support to a person who tampers with human life.
Whether she knows the truth or not...
But he made an oath
'Despite everything, she strongly believes that a man was the Son of God.
...I won't let anyone in this country betray her.'
Perhaps this will give me my answer...

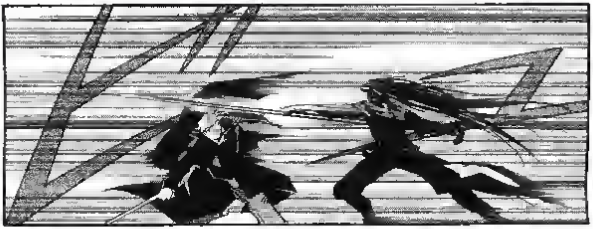
Recently I have become accustomed to making people angry.
All right. Since you have already opened the door...
Oh, you are leaving?
UWAGHI?
Wh...?

...Good evening.
It has been some time...
...master.
...No.
'Former master'.

You...!

Trabant!

Take this!!
I see
The reason you have come out tonight...
must be that you have something special planned for the banquet?
Well
What do you think?



You have raised Chloé to be a fine pawn.
It would only be fair to kill that girl he made the oath to as well

We only wanted to help out with your assassination of Cedric.
As former members of 'KB'

...killing absolutely everyone at that party?
Is he...
...talking about...

She is with the
invited guests

I entrusted my final question to Trabant
No reply
Trabant!?

"My beloved Edward"

"I looked into my heart to compose a confession in response to your question."

"The time has come to be bound to the one I love [illegible]. If you distrust my attempt at atonement, I'll embrace this sin."

"Even if I cannot see someone I recognize them by how they smell"
My apologies
Could I enquire as to your name?
"As you know..."
"I cannot see with my eyes and mostly rely on my sense of smell"
"Long ago you always used to smell good just like roses"
"Since it was impossible you overcame your doubts many times over"

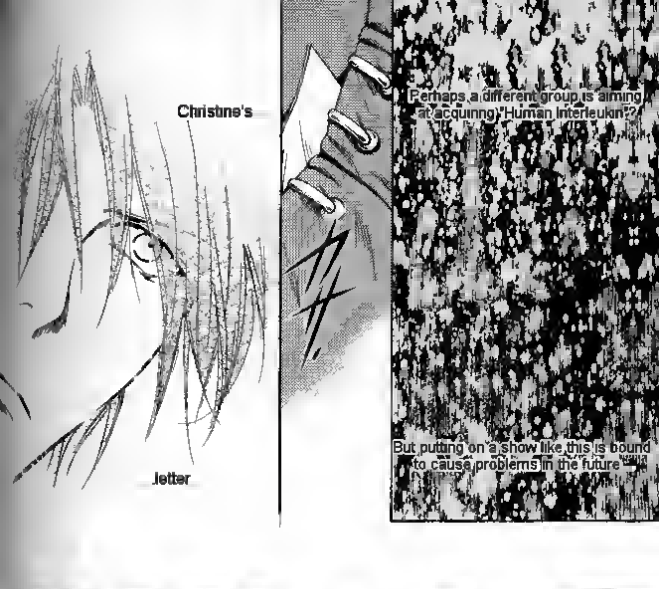
We are following Chloé and the target.
Michel and Free should watch the guests until they get closer!

Yuki!
I'm already doing it.
I'm calling up the names and faces of the two hundred guests over there.
We will find out which one of the guests set off the blast.
It will take about five minutes to cross-reference the data.
All right!
Almost all of this person's upper body has been blown away
Could this mean...
...the detonator was pinned to his chest...?

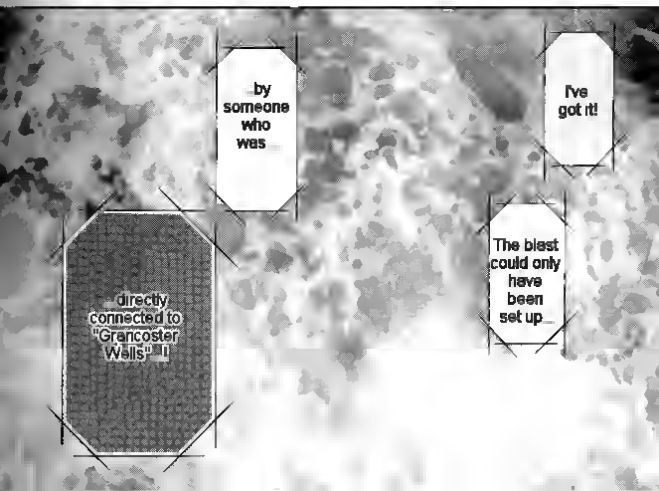
Chloé didn't do it, did he?
Hey, Free.
About what just happened...
.....
It's as you say.
If it was him...
He would aim only for the target, which is the bridegroom.

Aya.
The cause of the explosion was a rose pinned to someone's chest.
They were distributed to all invited guests.
--- So it seems.

Wasn't his aim to gather these patrons at the party in order to sell the drug?
So for this, Cedric invited those people...
...Strange words
He planned to use the bride to join the ranks of nobility...
...so why does it look like he tried to kill them?
He must have wanted to look after them, so there is zero reason to attack them...
There were patrons and pharmaceutical company associates...
And there were plenty of people connected to Grancoster Wells



Christine's
letter
Perhaps a different group is aiming at acquiring "Human Interleukin"?
But putting on a show like this is bound to cause problems in the future



by someone who was
directly connected to "Grancoster Wells"!!
I've got it!
The blast could only have been set up

Do you remember this like I do...?

There was a terrible sound...
...and then the smell of blood.
I could hear screams...!!
What on earth... just happened?
Cedr ic.

We were attacked
An emissary of the Devil did it.
We were only...
Because there was nothing that would explode like that!
It wasn't, was it?
Was it an accident?
What are you saying...!?
...attacked us...?
The Devil?
.....
...are good despite everything.
...the things we will try to do...
And even though we won't have good memories of our wedding ceremony...
I'm here.

We were going to try to leave this castle anyway
Besides...
Someone with true nobility like you is now tied to a e men like me
...Is that okay?
First, we will sell the castle.
Then we will donate the money to people who need it.
That's right.
But...
We will exchenge the money for pnde and social status
There are also dissatisfied nobles
Stop saying such stupid things!
Didn't you sey that...!?
We don't need useless things like pnde!

Aren't they the reason...

There are lots of people who aren't like that.

!!
What was that...!
Are you injured, sir!?
No, not at all.
I'm quite all right, Miss Mihirogi.
Barely a scratch.
I was holding back. SP was dying.
What on earth...
Mihirogi.
Yes!

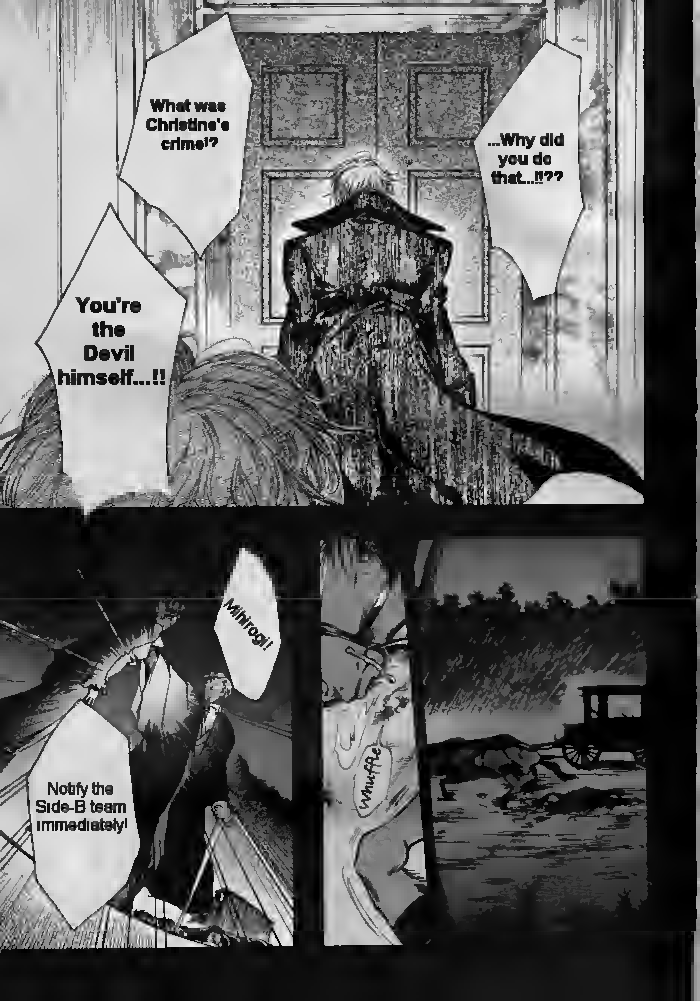
The fallen body of the other Chloe
CHLOE...!!
.....
WHY? WHY did you...?



What was Christine's crime!?
...Why did you do that...!!??
You're the Devil himself...!!
Mihiroji!
Notify the Side-B team immediately!
mmuffle

It's urgent that the mission be reassessed and...
...the whole team promptly move away from the ceremonial area!!
A trap has been set at the wedding reception!
Michel.
.....
Something like that should shake things up
...but no one is coming out
Something is up !

Jack ……!!

For you...
KB's orphans
...Yes
I was waiting!
Free?
Wasn't it...
You seem surprised ...
It was rather cruel of you not to invite me to such a lovely party.
Even though I...
...was a member of KB in the past.
Well, let's have a bit of fun now.

Ke--
I will dispose of your bodies properly.
Ken...!?
So don't worry!!
Aya's reading of the situation was dead on.
Well, obviously.
It may be three on one, but I won't allow you a handicap!!
Come and get me, monster!

Christine!!
Chloe...!!
Because I--
That's right.
Your target should have been me!!
That is why she has been put to sleep.
Emissary of the Devil!!
What the hell did you do to Christine!?

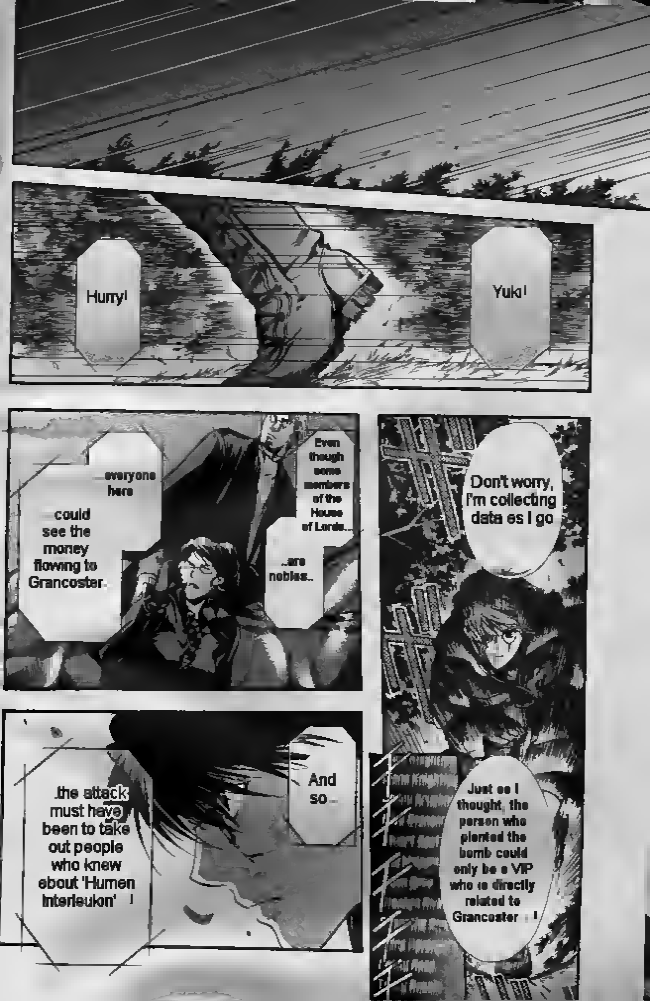
It is with a heavy heart that I stop this talent less monkey show
You created Christine's letter and
...you did well until the message reached "me".
Too bad she had no idea "what I'm truly like".
Not to mention ...
It is not pretty
I never sought to save her.
In the past. And right now
It's the same.

You are a fraud, aren't you, Cadric -kun?
Hah
...
Of course...
...even a bastard such as yourself will reveal your true colors quickly.
As always, your hatred is magnificent.
Since the old days you didn't seem like a true "men of darkness".
Hah...
Hah...
Hah...
Hah...!!!

What do you think?
KB's...
Chloé boy.
You make yourself look *particularly* low class
By associating with a "noble"
You sicken me

...that woman's pretty skin was sickeningly different from mine
Did you touch it...
...Chloé?
But...
...Side A...
Crown
Is it really you...!?

Despite appearances, isn't this a classy setting?
For the reunion between current and former KB members
With your full strength
I want you to play with me



Hurry!
Yuki!
...everyone here ...could see the money flowing to Grancoster.
Even though some members of the House of Lords... ...are nobles...
Don't worry, I'm collecting data as I go
...the attack must have been to take out people who knew about 'Human Interleukin' !
And so...
Just as I thought, the person who planted the bomb could only be a VIP who is directly related to Grancoster !

...if we assume that at the same time a 'different group' also laid explosives...
In truth, the explosives ...
...were laid because of Cedric's connection to Grancoster.
...wouldn't that mean they wanted to kill Cedric, our guest of honor...!?
However ...
And so it looks like it is all 'their' fault.
... Naturally.
His assassin organization, the "name" of which is...
KR... This man has a secret.
...Richard Krypton arrived in an unnaturally slow manner.
Although he was invited to the wedding ceremony ...

K.B.

...In other words, our target has...
...been fishing for us from the very beginning.

'We used to be allies in the past, but it's different now.'
Can't imagine why...!

A definite answer!!

Maybe I can recover here
But it is no use without an efficient position
OOTTOO!

!
!
...!
It's no use interfering!!
!

Go...
—geho—
gh

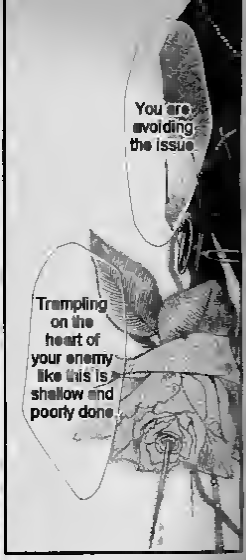
Ku
Well, what have I done now?
Aya...!!

BAM!!!
...It's wonderful that everything is going according to 'plan'
Two hits Your heart
Your lungs Your neck Four hits
...First of all, the cribcel areas
...eyes, forehead, throat Four hits
...well then...
Ain't it obvious?
You have just one bite-rose left.
Weren't you taught the value of that....
Naa... Chloé boy?

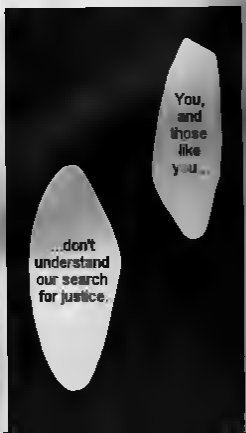
...you are losing the use of your arms and eyes, aren't you...?
Look... gradually...
By the way, if you take on stronger opponents then me...
You should prepare more poisoned weapons...
Aren't you shaken by this!?
That's right! Didn't you make 'an oath' to that woman!?
I have always been able to see through your shit.
I hope you finally get it.

The one that had so much regard for her blonde hair and...
so you faked not being a loser.
It seems that you exaggerated the stuff about it being fair.
You couldn't even show your beloved lady who you really were!
Isn't this the truth!?
Isn't this the truth? You, a bastard who speaks of "justice"...
And what of Krypton Brand!?
Shut it.
Heretical pig.

In the name of our beloved KR...
...the hunter of the dark beasts...
...Chloé of the Rose, on behalf of Krypton Brand's Side B...
...will now return you to hell!!



You are avoiding the issue.
Trampling on the heart of your enemy like this is shallow and poorly done.



You, and those like you...
...don't understand our search for justice.

I'd like to see you try!!
Interesting

All members of Side B Team have engaged with Side A team and commenced battle
---Here, Yuki!
Withdrawal is impossible...!
I'm also heading there as back up...!

Aya doesn't forgive cowardice and there is a glint in his eye
What will be the outcome of this battle?

---This time

A hostage situation *isn't pretty*

--- I think.

What does Aya see in the midst of battle...?

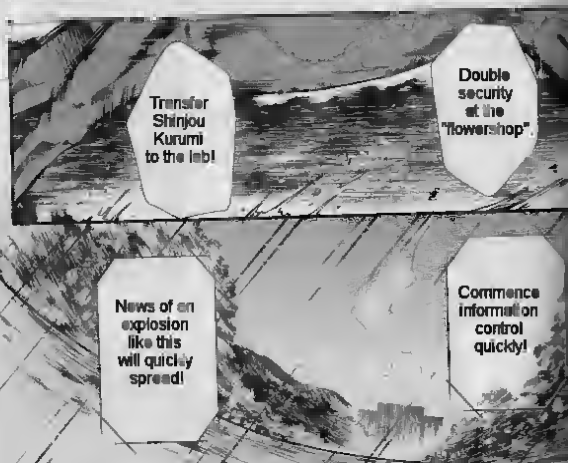
#36 Who Should Be Saved?

Everyone from Side-B team has encountered the Side-A team.
A fight has broken out between the two teams both inside the castle as well as in the garden.
...And we can't retreat!!

Surely not.
It must be a trap with this kind of timing...
KR!
I have arranged to have a car waiting for us in the road up ahead!
Understood!
Bodyguards!
Can you hear me!?

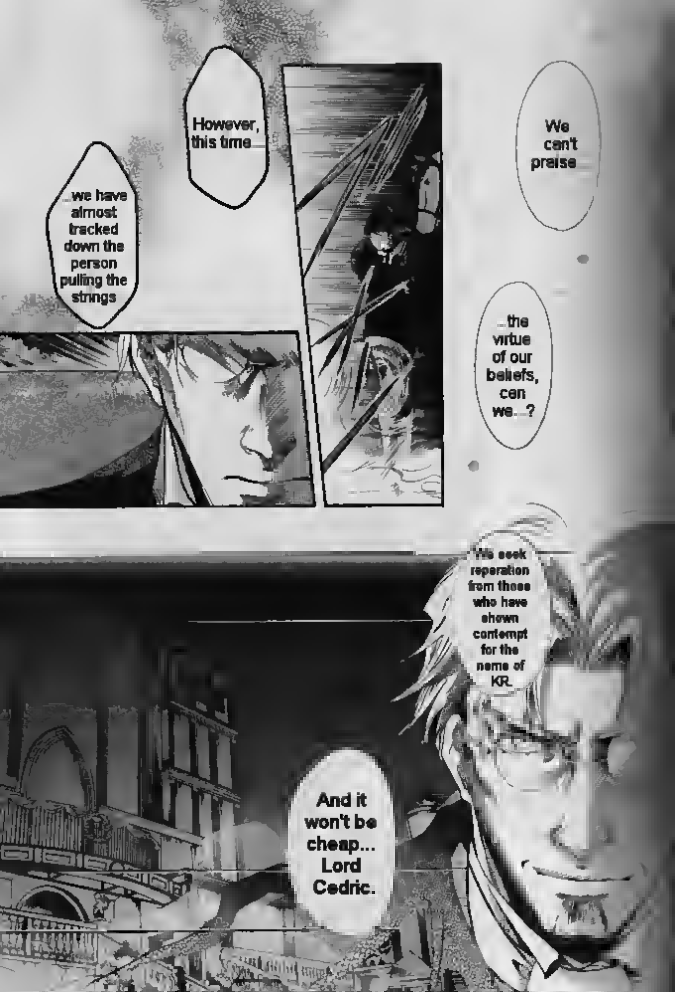


Transfer Shinjou Kurumi to the lab!
Double security at the "flowershop".
News of an explosion like this will quickly spread!
Commence information control quickly!

Okay? There is a TV crew in a helicopter amongst others
Those who attacked the grounde were former members of KB
I don't went enyone to eesociate this with ue!!
As it is now, Aya and Side-B may be exposed!
Mihiroji
I'm going to return to London.
Very well, then a guard--
Don't worry.
They can't have had me in their sights from the very beginning...
Side-A doeen't uee such indirect methods.
"The Children of Dwr"...

When we were invited to this wedding reception
I imagined it was because I was considered to be an associate of these people
It seems like this dramatist has one more page to show us
they will be peacefully murdered
And so, humanity must bear the burden for these people and
All of these people are connected to this virus
those who founded Grancoster Wells
And, until now
Those from Wales who revere the name of "Owain Glyndwr"
"Dwr"
15

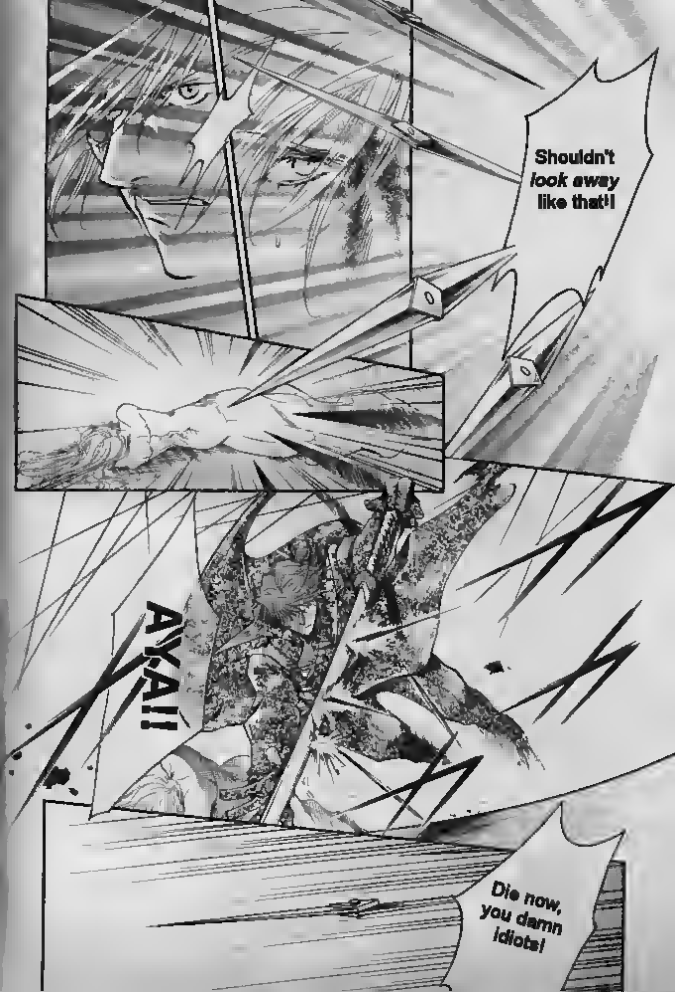
That is my request.
Shall I contact him"?
To Parliament!
I bid thee go!
KR!
Everyone has suffered.....
.....
It's not too late to change their minds, but...
The Side-A team...



We can't praise
the virtue of our beliefs, can we...?
However, this time
we have almost tracked down the person pulling the strings
We seek reparation from those who have shown contempt for the name of KR.
And it won't be cheap... Lord Cedric.

What's wrong?
You're slow, Chloé boy!

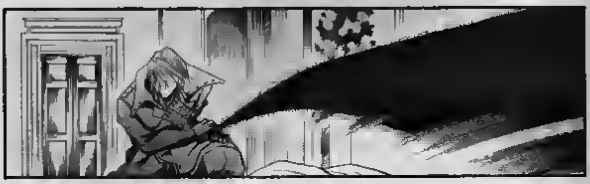
Shut it, monster.
_gh
Is the poison finally working its way through your body?
A sharp object is quite effective
Oh, that tickles.



Shouldn't *look away* like that!
AYAII
Die now, you damn idiots!

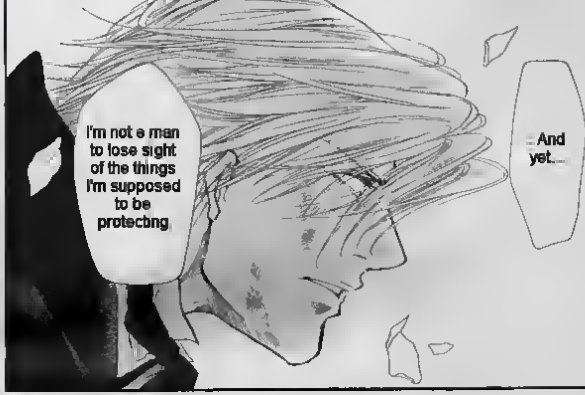
He is concealing those things throughout his entire body
I have never seen anything like them
Chloé
An even fight is a disadvantage
But you have just one more weapon
Besides, you couldn't even protect that woman
Wasn't that terrible?
It used to be bad if you didn't wanna become cannon fodder
But you can't do much without a weapon, right?
In any case, your body will give up on you soon enough

He's mine
Injured people just get in the way.
! Aya!
Chloé
Fell back.
Your eyes?
Useful in their own way?
Almost completely numb!
...How is your body?
"Free" took on three people on his own.
Impossible, huh?
Hmph!
N O !
Out of my way!
I'm not having this conversation.

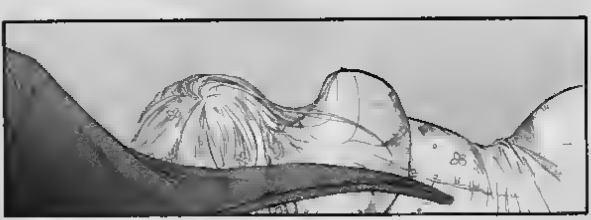


"Christine wishes it so "

After all, we are killers...
You think you can protect her, Chloé!?
We don't need this idealistic crap!
You worthless piece of shit!!



"We are the people who will judge her."



The climax in the next issue!

#37 Licht

To each, for their beliefs, they run...
Go down the stairwell to the right and 20 meters.
There are two routes that connect to the back yard... ok, I've memorized it.
If the enemy wants to turn this explosion and chaos into KB's doing,
then surely the press will come in eventually...
Aya, this is Yuki!
I've secured the castle's interior routes. I'm coming to meet you now!
The other three in the garden -
I've just transmitted instructions on how to navigate out of there, so hurry!

Michel!
yes
...Geez,
how tough did it make this guy?
That 'Human Interleukin'...!
Ish
You are too easy.

Michel!
!!
Gotcha!
Che...!!

If you make any careless moves,
I'm gonna crush this child
!!
Ooh
This is 'Michel' ...right?
To turn a child like this into a killer---
...KR is a cruel man.
.....
...Why don't you see it?
The contradiction that you rally around...
Don't insult KR...!

"Our purpose is
to protect the weak,"
that is what KR always said
And for that, we -
KB - were there to wield our blades against those who could not be judged by the law.
But in reality this is not so
In truth, the weak
are thess whs ars ss sppressed they can't svsn raiss their vsicss to say they are 'suffering.'
But there were those who did not want to remain just trodden over,
and killed, unable to resist.
These who stood up, they were the "Children of Dar."
Even if they sacrificed their own comrades,
because they had no power,
they would do whatever it took ...
Ah...!

Shit...
a gun...!
...Free...!
Ken!

...You have been poisoned, you have no weapons, and you have to resort to brute force.
For you, it is kind of out of character, but you did well, huh?
Chloe boy?
You have lost all your advantage,
and still you want to protect that worthless woman?
Rubbish!

"Aya
take care of Christine for me "
Im
ん？
"If the enemy's aim is truly her fortune,
then they definitely won't kill her
If she personally has supported this conspiracy
they will never reveal her identity "

The Children of Dur
--
The "People of Wales"
- if they really want to give them "Human Interleukin,"
then they shouldn't have attacked them---
"But."
It's obvious by the way they have attached those with political power time and again in the past.
These guys aren't after her assets or her status as an aristocrat.
just...
for that reason...
To torment KB...
...hey, Chloe
He approached us, saying if we involved ourselves with this drug business, we could get rich
But,
the moment things went well with that woman, he got scared off
That Cedric was really a cruel guy
?

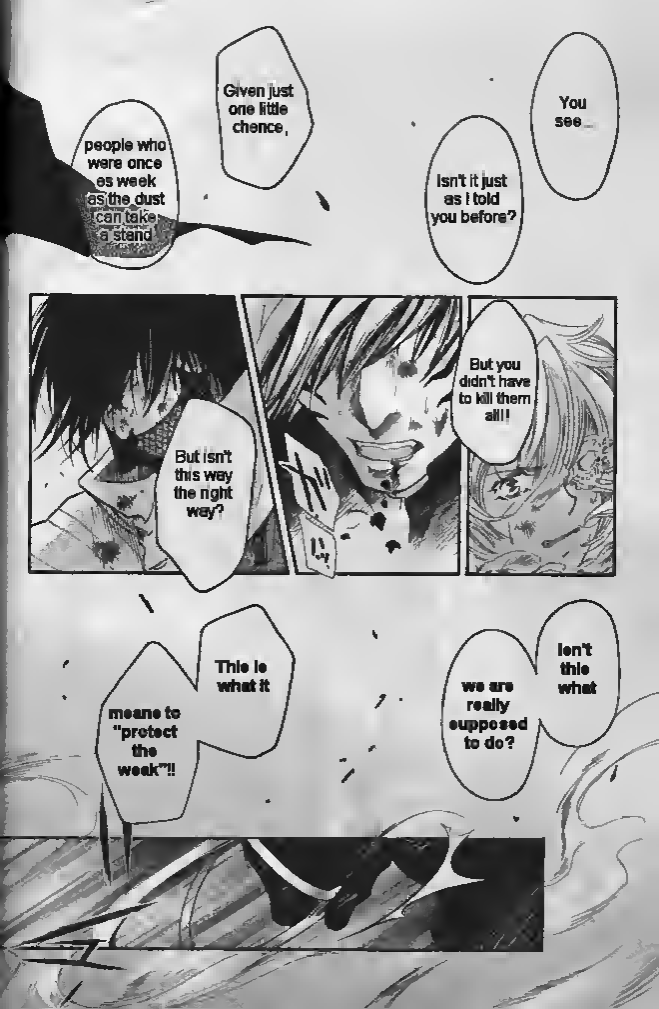
That's why I killed him!
I just left his face...
and messed everything else up!!
"Edward."
They get desperate when they fear dying
But that is how it is with everyone.
He was crying, you know?
Crying out that "it hurts, it hurts" until he died.
"I am truly happy."

Cedric and I both decided that after the wedding, we will relinquish this castle and this land
And...
that money can go to the people who truly are in need
Long ago you said to me once,
that no matter how much people pray to god they cannot choose where they are born into
Those words probably really pierced my heart deeply, as I was born into privilege
Because I believe that we are all born for a "purpose"
and that is how we become closer to our Father
*God
That is why I
That is why we finished them off.
To teach those cowards a lesson.
went to do what "I" can do

why don't
you bleed and operate as we do...!
Instead of spouting all that idealistic bullshit,
And I'll believe that you
ere living this way, too
Aya!

Gahaaa!!

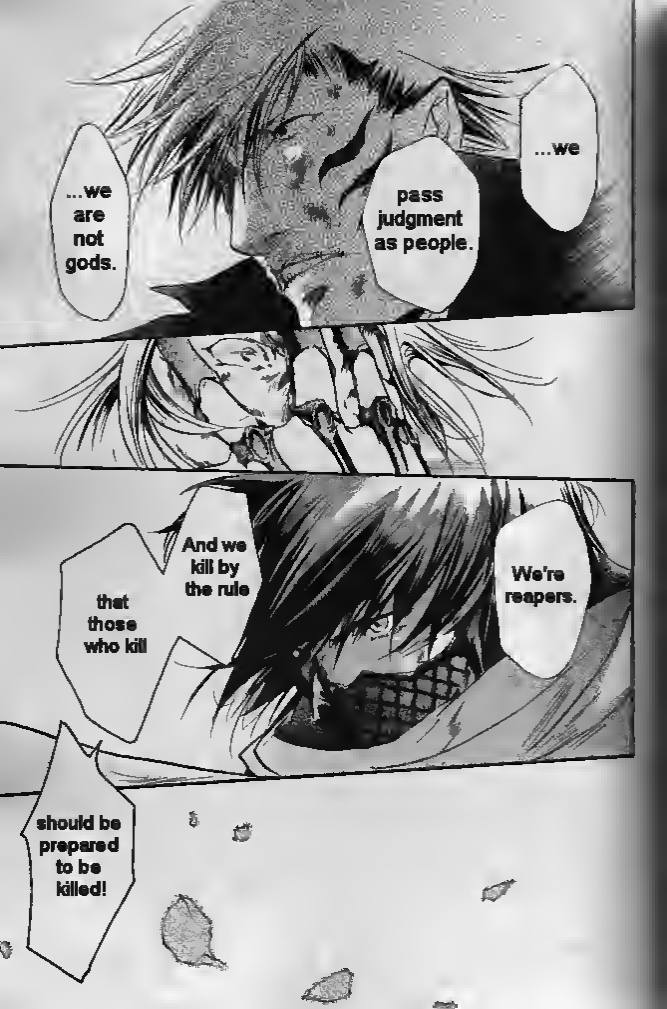
That is why Edward,
I am always truly happy
Ken!
Free!



people who were once as weak as the dust can take a stand
Given just one little chance,
You see...
Isn't it just as I told you before?
But isn't this way the right way?
But you didn't have to kill them all!!
Isn't this what we are really supposed to do?
This is what it means to "protect the weak"!!

Just by remembering that "boy"
that was forced to suffer needlessly just because he was not "English"
The mistress of this castle
also relinquished this place in order to save those suffering in poverty
Both are methode..
based on justice---_!
It is the same
To "kill"
and to "give"..
Isn't "Human Interleukin"
e drug that gives
a second chance to those who struggle with misfortune??

your justice,
then it can't be helped.
But,
I knew.
If *that* is their justice...
If there are 100 people, there is justice of a 100 there.
they are just the same.
Justice and evil.



...we are not gods.
...we pass judgment as people.
We're reapers.
And we kill by the rule that those who kill should be prepared to be killed!

All
in the name of KR---!
Each one of them keep within their hearts, something to believe in, something to protect and wield their hidden blades... What does fate have in store for them---
KB's battles continue on ----
(To be concluded in the comic)
END

Scanulators Notes

Weiß Side B began in 2003. It was originally published in the monthly Zero-sum magazine. In 2005 it was moved to a quarterly publication in Zero-sum WARD. Chapters 1-30 have been collected and published in book form but the last six chapters still only in magazine form.
Therefore the Table of Contents in this download has been made by the Scanulator and isn't an official page of the manga.

1.) Sometimes Japanese words are given furigana not to aid reading, but to show that, while one word is being said, the speaker is referring to something else. Sometimes, the furigana also acts as a glossary for strange words. In this case, while the reading is given as 'Children of Dwr', the kanji reads 'Children of the Red Dragon', giving readers a better idea of the meaning behind the name. The 'Red Dragon' refers to the Welsh flag.]

2.) Kanazawa is in Ishikawa, about five hours outside Tokyo.

3.) A '2DK' is a standard apartment in Japan, consisting of two bedrooms, a dining room and a kitchen.

4.) This time, the reading of the kanji for 'Children of the Red Dragon' is given as 'Welsh people'. So Aya is saying 'Welsh people', but specifically referring to this group.

5.) The reading of the kanji for 'Red Dragon' is given as 'Wales'. Aya is still referring only to this 'Children of the Red Dragon group.

6.) The reading of the kanji for 'Inhabitants of the Red Dragon' is given as 'Wales'.

7.) Trebant - means 'servant' or 'comrade' in German.

8.) 'Aventure' is French for 'adventure'.

9.) "Irasshaimase" is a standard greeting used in shops. It was a choice between using random Japanese and trying to fit "welcome" over three different speech bubbles.

10.) Nanmendabu - the Japanese rendition of Namu Amida Butsu, the mantra of Amida Buddha. Basically this is a Buddhist chant. Tsurukame - refers to a crane and a tortoise together, both symbols of long-life in Buddhism.

Scanulators Notes

11.) The reference to Vlad of course refers to Vlad the Impaler, also known as Vlad Dracula. This true historical figure is thought to be the inspiration for Bram Stoker's fictional bloodsucking vampire, Dracula. He is said to have killed from 40,000 to 100,000 European civilians by impaling them on a sharp pole.

12.) Page 41. Unfortunately this page seems to be cut off and I don't have a replacement.

13.) The SP in this sentence made no sense to the original translator and after looking at it myself... I have to agree. I don't know what it stands for, maybe it is a name or an abbreviation for something, what ever the case it is meant to indicate the dead guy laying on the ground who had earlier attacked KR.
And the SP does appear in english in the original manga.

14.) クラウン - kuraun: This is katakana and in this case it has one of two meanings. Kuraun could mean either 'Clown' or 'Crown' since Japanese doesn't have a straight 'L' or 'R' sound they have something that sounds like a combination of the two.
It makes translating English words interesting.

15.) Owain Glyn Dwr - A frequently invoked name in Wales. Owain Glyndwr (c. 1349-1416), has become a potent figurehead of Welsh nationalism since he rose up against the occupying English in the first few years of the fifteenth century.
The Children of Dwr - Followers of this long-dead Welsh Leader - Welsh Nationalism
